## Dance Edition

### Laban Dance Centre

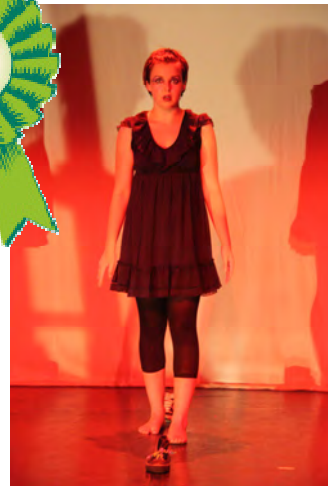

On the 11th February 2010, 15 upper Dance students travelled to the Laban Dance Centre in London. Laban is a conservatoire for professional contemporary dance training and is one of the worlds finest dance institutions. It holds 13 dance studios, theatres, health suites and library within an owe inspiring landmark. Building and houses the largest team of specialist contemporary dance teacher's in the world.

The students were offered a full days programme including a performance by the 3rd year students, a technique class, creative workshop and an informative session on the courses offered at Laban.

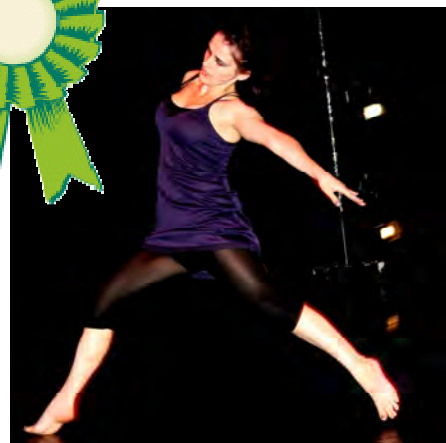

The day was an excellent success, not only by informing the students of the opportunities but by inspiring them further to careers and futures in dance.

# U DANCE

Raw Energy

In November 2009 Flexus Dance Company and Fidget Dance Company (Youth Dance Companies based at Coppice) entered work to U Dance England 2010 a national competition set up by Youth Dance England.

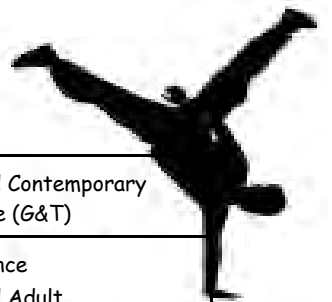

In 2009 Flexus had been privileged enough to be one of the companies selected from across the 9 regions to represent the West Midlands in London. To be selected for the regional final was a fantastic opportunity and recognition for Fidget Dance Company, who are actually choreographed by two of Coppice Students, Emma Burns and Elizabeth O'Farrell

Out of over 150 entries, both companies were selected for the regional final hosted at The Victoria Hall in Stoke-On-Trent on the 16th January 2010.

Along with the other 10 companies selected, Flexus and Fidget performed to an audience and panel of judges. Both companies were exceptional and received inspiring feedback and compliments from professionals at the event.
