Dear Parent/Carer,

GO 4 Schools – Online Reporting System

At Coppice we are constantly looking at how to provide parents with the most up to date information on their child's progress at Coppice. We have moved from a paper based system of progress reports and full reports to an online system provided by the highly recognised national company "GO 4 Schools" which we believe enables us to report to you in a quicker timescale therefore with more accurate data and information. Over the coming months and years we will be extending the level of information that we can share with parents to provide you with the fullest picture of your child's success at Coppice.

Initially we will be releasing interim progress reports and full written reports through this system. We will also be sharing attendance and behaviour information with you via a secure portal where you will only be able to access your own child's information.

Using GO 4 Schools, you will be able to view your child's progress report online and access the following information at anytime; this will be updated at set points during the year as published in the school calendar. We will also be messaging parents to alert you to an update on your child's progress:

- **Attendance** – Shown from the start of the academic year
- **Progress Reports** – Short "data" and Full "written" reports which are published according to the school parents calendar. (Short reports 3 times a year; Full written report once a year)
- **Behaviour points information**

To access the site, please go to www.go4schools.com and click on the Parents icon at the top of the main page to arrive at the log-in screen. The email address you use to enter the site must be the one we have registered on our database for you.

To request a password for GO 4 Schools, please enter your email address into the First-time User field and click 'Please send me a password'. A randomised password will then be generated and sent to your email address. You will then be able to log into the site and view your child's page.

If you do not have an email address, or access to a computer or smart device, we can provide a printed copy on request. Please contact the Data team directly at the school via our main Reception.

Yours sincerely,

Mrs J Fletcher
Headteacher

Key to information provided in the interim progress report online:

Actual Target – This gives an indication of the Key Stage 3, GCSE, A Level or BTEC grade a student is expected to achieve based on their Key Stage 2 results in English, Mathematics and Science (average GCSE point score for 6th Form course) .

Current Working at Grade – This indicates the current grade your child is working at in this stage of the course.

Teacher Final Predicted Grade – This is an indication, from the class teacher, of the grade that your child is expected to get in their final examination, if current work rate, attitude and evidence of attainment are maintained.

Effort, Quality of Homework and Behaviour for learning grades are explained on the report.
