What are the benefits of staying on for existing Coppice Students?

Continuing your education at the same institution is massively advantageous to students and offers many benefits. Year on year we support students who wish to return to Coppice Sixth Form after going on to post-16 places elsewhere. The grass often looks greener elsewhere but the reality is that the transition and change can add another obstacle to academic success.

We believe the benefits of staying on at Coppice include the following:

- ✓ Coppice is a familiar, comfortable and safe environment
- ✓ Students already know the staff well and are used to being supported by them both academically and pastorally
- ✓ Students know they like Coppice – there’s no risk of not liking it
- ✓ The transition to Level 3 study is a big step up in itself, remaining at Coppice means students can focus entirely on their studies and not on learning new systems, people and buildings
- ✓ We build our post-16 course offer based on the Year 11 cohort we have each year resulting in a highly tailored and fully suitable study programme for all students meeting the entry criteria
- ✓ Students and parents know the school and what they can expect from us
- ✓ Students already have friends at the school
- ✓ A broader curriculum offer is available via the “Central 6th” offer

Other benefits of becoming a Coppice Sixth Former are:

- ✓ Sixth Form students have a personal achievement tutor to give advice, guidance and support
- ✓ Individual student performance is analysed 4 times per year and support and intervention is tailored to meet individual needs to ensure all students succeed
- ✓ Year 13 students have succeeded on vocational and A-level courses for four consecutive years achieving pass rates above National Averages – we know how to get it right
- ✓ Teachers genuinely care about their students
- ✓ High quality teaching across all post-16 courses
- ✓ We offer individual UCAS workshops to support students through the university admissions process
- ✓ Between 2014 – 2017 all our sixth form students secured a university offer (if desired)
- ✓ All Sixth Form students are offered a range of leadership opportunities to develop them further
- ✓ We are already proud of you and your individual achievements – we want you to stay!
- ✓ Our results are continuing to improve annually.
